MOLINARO RESPONDS TO POTENTIAL SPECIAL SESSION

Statement from Assemblyman Marc Molinaro (R,I,C-Red Hook) regarding special session

The governor is scheduled to call special session on Wednesday, July 28, at 6 p.m. It is unfortunate that the governor has been forced to call the Legislature back to Albany to wrap up the budget. It is surprising to me that the governor needs to tell legislative leaders to do their jobs. People throughout the state have suffered long enough because of the inability of neglectful politicians to come together and finalize the state's budget.

While the Legislature is in Albany, I implore my colleagues to not only finalize the budget, but to pass a responsible spending plan that reduces spending and cuts taxes for all New Yorkers.
